Sheriff Arpaio: Denies Jodi Arias Interviews

“Jodi Arias has been in our jail for seven years. A comprehensive report of the history of her behaviors and activities while in our custody is in progress. Upon reviewing the report it notes that she craves media attention and continues to seek out ways to attract that attention. I will not allow her to play that game and will deny any media interviews with her. Arias is a convicted killer, and her 15 minutes of fame are over.”
